BAD WORDS AND OTHER THINGS YOU CANT SAY ON AIR

a letter from the General Manager

MADDIE JENNETTE

as I sit to write this letter, I can't stop thinking back to one of my first experiences w/ WKNC. I was back in my hometown near Charlotte for summer break after my first whirlwind year of college @ NC State. One of my favorite bands, Pictures of Vernon, was playing the little 'ol local 506 in Carrboro, and you bet yr ass I drove 2.5 hours and back to see a band w/ less than 15 songs play a venue w/ a capacity of 250 - and it was one of the greatest nights of my life. Thats the beauty of local music - there's just something abt seeing a band in a tiny venue packed w/ the most die hard fans who will scream along every lyric with you.

This show was presented by WKNC; I met up w/ the General Manager at the show and asked when the upcoming DJ interest meetings would be held... and the rest is history. I graduate this May, meaning I've spent 3.5 years of my life at this radio station. To say this has been the best experience of my life is an understatement; this station changed my life + gave me the best friends in the world. I came into college knowing only a small group of ppl from my high school, studying engineering because I didn't know what I wanted to do with my life and thought engineering was a pretty good degree to get. Now I have more friends than I ever could've imagined and, well, I still don't know what I want to do after graduation, but at least I've discovered a true passion of mine - getting to teach dozens of people about the best student organization.

The reason I mentioned the Pictures of Vernon show at the start is because Pictures of Vernon is playing night two of Double Barrel 19, on February 4, which is my 23rd birthday.

Isn't it crazy how life is sometimes?
